CLUB KTM DISPERSAL ORDER
(Revised) Jan 2022

Club KTM is committed to the safe, orderly and effective dispersal of all patrons. The dispersal procedure (around the terminal hour) is dedicated to make maximum contribution by exercising positive measures, towards and at the end of trading in moving customers from the venue and its immediate area in such a way as to cause no disturbance and impact upon the neighbourhood in relation to potential nuisance, anti-social behaviour and crime. It is recognised that the sudden emergence of patrons onto the street at the terminal hour may cause unnecessary noise and lead to antisocial or offending behaviour. In accordance with this, door staff and concierge will escort patrons or groups of patrons to their waiting transport as necessary and the following specific control measures have been put in place:

1. Half an hour before the end of trading, outside staff wearing high visibility jackets shall become proactive in encouraging dispersal outside the venue. This will usually be the responsibility of door staff at the main entrance. Security staff will also ensure that customers stay for no longer than is necessary in the adjacent highway.
2. Half an hour before the end of trading, the DJ shall gradually introduce a more relaxed style of music, which shall not be cut abruptly but continue to a background level whilst customers wind down at their own pace. By the end of trading hours the level of music will amount to no more than light background music. Lighting shall be gradually increased and announcements shall be made to encourage quiet and swift dispersal and to remind patrons of the presence of CCTV monitoring of the external environs of the premises. The Head Door supervisor for the evening will be charge of this.
3. Security staff will promote gradual and natural dispersal of customers inside the building whilst maintaining a watchful presence of external environs.
4. Operations at the cloakroom will be deliberately slowed to limit dispersal rate.
5. As Club KTM is cleared of customers, all security staff shall proceed outside to designated areas wearing high visibility jackets, under the direction of the head doorman, to assist in politely encouraging people to vacate the area. High visibility clothing contributes to an atmosphere of 'capable guardianship' within the public space highlighting security staff as authority figures in control of private premises.
6. All door security staff shall remain outside after the terminal hour until all customers from Club KTM are deemed to have sufficiently dispersed.
7. Once the terminal time has been reached all customers will be directed to leave the premises. All music will cease being played, and all the lights in the customer and public areas will be switched full on. This is to create an environment which will encourage people to leave
8. All door staff shall be proactive in advising customers to vacate the environs of the premises quietly and with respect for others. It is to be made clear that any transgressors will not be welcome back to Club KTM in future.
9. Clear signage to the above effect shall be on permanent display in the reception area. This message to be reinforced by audio announcements during the last hour of trading.
10. When customers have finally dispersed staff outside the premises will check the immediate vicinity to ensure that no glass or undue rubbish is left lying around that might later be used to commit crime or cause a public nuisance.
11. Staff will invariably leave the premises much later than customers will and it is recognised that their behaviour might also contribute to local disturbance. All staff will be instructed to leave as quietly as their failing to do so seriously increases risk to the licence.
12. Club KTM has introduced a training regime to bring every member of staff up to date with the implications of the Licensing Act 2003 and is fully committed to ensuring all staff are aware of the need to respect this policy. Upon initial completion of this training staff will thereafter be knowledge checked every 12 months.
13. Zonal dispersal will be used to disperse patrons at the end of trading in the bigger events.
 - Zone A – Junction of Marlborough Hill and The Bridge. Any patrons not using taxis will be encouraged to head in the direction of the bus stop by Harrow Mosque. Door staff would try to limit numbers in Zone A due to neighbouring flats to help minimise disturbance to neighbours.
 - Zone B – Civic centre car park. The car park is used by some patrons of Club KTM. Customers who have used this car park will be directed to Zone B. Door staff will encourage customers to leave this area quickly and quietly. Due to recent issues, patrons would be discouraged from congregating in this area.
 - Zone C – The Bridge, direction of Harrow and Wealdstone station. This area would minimise disturbance to neighbours. The limitation of this zone is the direction of public transport.

Zone D – Station Road, War Memorial. This would be the main dispersal Zone due to the large area and distance from neighbouring flats.

The area that door staff have jurisdiction is the Club KTM premises, but as a duty of care to patrons and neighbours, door staff will be encouraging patrons to move away from the vicinity of Club KTM in an orderly and controlled manner. With all the steps mentioned above, this should be possible

Infrastructure:

Power/Generators: Power sourced from a nearby lamp column thereby removing the need for a generator and its associated noise. Going forward the Council is looking to install feeder pillars on the Square from which power can be sourced. If a generator needs to be used, then we will ensure it is a low-noise/ultra silent generator and no more than 6 KVA with noise levels of less than 80db.

Fire Protection: If a generator is required then we will ensure it is secluded from the public and cordoned off with barriers, cones and tape clearly labelled with 'Danger' 'Do not Touch' signs.

Decor: Any marquees, gazebos, tents that are used will be sourced from reputable hire companies with experience in supplying marquees suitable for the location and purpose. We will ensure they have the required Public Liability Insurances in place and that any kit provided have the required certified safety marks. Marquees are usually manufactured from 100% fire retardant polyester.

Toilets: There are no toilets on site at the moment and several events have been held to date without the toilet facilities. Typically dwell time on the Square is only 2 hours with public able to use toilets in the nearby Wealdstone Centre

Environmental Protection: Prior to any event taking place, we will contact the Council's Environment team to advise on the number of rubbish and recycling bins required. Based on this guidance bins will be provided accordingly and collected by the Council at the end of the event. We will also arrange additional cleaning of the site both before and after the event to ensure the site is left safe and clear of rubbish.

Health & Safety Paperwork: Risk assessments and method statements will be provided in advance of any event. If we are working with any new external event organisers, or on any new event, we will request copies of these and send to the licencing team and other partners as required. We will ensure relevant insurance is in place.

Risk Mitigation:

Details of the events to be issued to the Economic Development Team.

Site briefings held prior to the events.

Risk assessment and insurances sought.

Ratio of volunteers to expected crowd sought.

Events to be kept low key community events or otherwise delivered by market operators.

Any events that are deemed to be of a 'special nature, that includes a famous person or any other unique event will be subject to completing a full TENs and will go through the same process of being assessed as way of special measures and to mitigate risks.

Security:

Event staff: 1 for every 20 attendees

SIA / Security: 1 for every 100 guests

First Aid trained persons: 1 per event

Audience and Crowd Control:

Crowd Management: We will ensure there is proper event signage: cones, barriers will be used to demarcate areas: ensuring there is enough event staff and Security staff.

End of licensable hours dispersal procedure: Wealdstone Square is a public space which can be entered/exited via the High Street and Headstone Drive. There will be signs and security to disperse the crowd.

Communication with the public: We will ensure the PA / broadcast music can be silenced in an emergency / utilised for emergency warning, this will be raised with the DJ/music provider.

Accidents and Emergencies:

The event organiser will maintain an incident log throughout the event that will be handed over to the Council and notified of any open issues still unresolved.

Please outline the procedure for raising the alarm

The following procedure will be applied in an emergency, i.e. in the event of a fire, suspicious package or any other serious incident:

• On-site emergency response with fire extinguishers in the event of fire.

• Event lead organiser on site to inform the public who are on site as to what is happening

• Summon emergency services if required

• Put in place crowd management procedures if required

• Evacuate people with disabilities if required

• Set up incident control centre at safe location/RVP, away from the emergency incident or at another safe place

• Set up liaison with the emergency services

• Deploy first aiders as needed

Traffic Management:

Traffic Plan:

Wealdstone Square is a pedestrian space with vehicular access for the Post Office only which is infrequent. On small event days, this will continue to be in use with cars driving at no more than 5 mph with their hazard lights on. There will not be any activity on the vehicular access route as activities will be on the host pedestrian space.

On slightly larger event days, this access road will be closed to the Post Office but can be opened for emergency vehicles. Alternatively emergency vehicles can park on Headstone Drive and walk by foot to Wealdstone Square which is metres away.

Emergency vehicle access:

Planned route: They can park on Headstone Drive. Access from Headstone Drive off Ellen Webb Drive and exit from the same point.

Rendezvous Point (RVP):

Outside Red Brick Cafe on the High Street.

Welfare and Facilities: Either Red Brick Cafe, or the Post Office, or Holy Trinity Church.

First Aid and Medical Arrangements: First Aid Box to be kept on site for events and managed by event organiser

Police also require the following points should be added as conditions on the premises licence:

1. Sale of alcohol is prohibited within the licensable area.
2. An incident/refusal book shall be kept at the premises, and made available for inspection on request to an authorised officer of Harrow Council or the Police; Which will record the details (including day, date, time, summary of incident) of any of the following:

3. Notices asking customers to leave quietly shall be displayed at the exits / outer most points of the market.
