Part A - Personal Details

We will not be able to accept responses where personal details are not provided.

1. Are you submitting this representation as an individual or on behalf of an organisation? *

- Individual
- Organisation

2. Title

3. First Name *

4. Last Name *

5. Job Title (where relevant)

6. Organisation (where relevant)

7. Address Line 1

8. Address Line 2

9. Address Line 3

10. Address Line 4

11. Post Code

12. Telephone Number

13. Email Address *

Part B - Your Representation(s)

To which part of the Local Plan does this representation relate? (Please make one representation at a time, you can click to make a further representation - up to a maximum of 10 per form - at the end of this section).

14. To which policy does your representation relate? *

- Strategic Policy 01: High Quality Growth
- Policy GR1: Achieving a High Standard of Development
- Policy GR2: Inclusive Neighbourhoods
- Policy GR3: Public Realm and Connecting Places
- Policy GR3A: Inclusive Design (New)

15. Do you consider this policy sound?

- Yes
- No

16. Please give details of why you consider this policy to be sound or not sound and set out the modification(s) you consider necessary to make the policy sound that you have identified (if any).

It is unfair to keep on directing growth to the Opportunity Area, which is already overcrowded.
Please maintain the capacity at a reasonable number. The capacity for this area cannot continue to increase indefinitely in order to meet boroughwide targets. Targets must be fairly distributed so that all residents have a fair chance at a good quality of life.

17. Would you like to make another representaion?

- Yes
- No

- Yes
- No

20. Please give details of why you consider this policy to be sound or not sound and set out the modification(s) you consider necessary to make the policy sound that you have identified (if any).

The Opportunity Area is already facing chaos especially traffic jams due to too many vehicles, combined with too many roadworks. There are also many schools around the area, causing concern about the safety of the children at school drop off and pick up times. There is also a high chance of accidents occurring due to frayed tempers and rage amongst drivers, residents and pedestrian, this does not foster good community cohesion, which is essential for a happy electorate.

This area needs some proper regeneration, not new high rise flats.

Additionally, we remember being consulted and told that the Station road area would remain low rise and there would be improvements in the local infrastructure and connectivity between the 2 town centres and ease congestion. Has this plan been abandoned? Is it wise to do so?

- Yes
- No

24. Please give details of why you consider this policy to be sound or not sound and set out the modification(s) you consider necessary to make the policy sound that you have identified (if any).

Currently, the A and E department's waiting times have increased dramatically, leading to residents waiting hours for urgent/emergency treatment. Appointment waiting times for GPs have increased. We have waited weeks for appointments. Polyclinics no longer accommodate walk ins and offer specialised rather than general treatments. This has led to a strained and inadequate medical facilities, even for the current population level.

We have experienced unusually high number of power cuts, which have been attributed directly to the building of new flats without first securing sufficient capacity. As a vulnerable senior, I have received emails from UK power networks to register with them for priority services at times of powercuts. This is clear evidence that the network is not sufficient to meet current needs and will only get worse if you new flats are developed without addressing the capacity need.

Your documentation has identified problems in capacity, but hasn't suggested funded solution. This is very worrying!

Parking has become a major issue, especially near the Kodak Centre development (Eastman Village). The new residents have moved into accommodation with no parking spaces, but still insist on parking in neighbouring roads.

- No

28. Please give details of why you consider this policy to be sound or not sound and set out the modification(s) you consider necessary to make the policy sound that you have identified (if any).

HMOs do not foster a good living environment as the residents seem to mostly be transient without any family or community minded. This has led to the brough being unkempt and dirty, with flytipping after the end of tenancies.

HMO should not only be located in the Opportunity area, but should be spread through the borough.

- Yes
- No

32. Please give details of why you consider this policy to be sound or not sound and set out the modification(s) you consider necessary to make the policy sound that you have identified (if any).

We have been resident in this area since 1988 and have seen major decline in the area. The various developments are also taking place at the same time, with no thought to the impact on residents. It has not been staggered over a long period to allow residents to adjust. We are very unhappy that this area is being picked on for unfair overdevelopment, which has led over unbearable living conditions

The form is not user friendly and the policies are difficult to understand. It has taken a considerable amount of time and effort to fill in this form. Please can you make the consultation easier to engage in?

33. Would you like to make another representation?

- Yes
- No

Part C - Demographics

London Borough of Harrow has a legal responsibility to promote and advance equality. To help us to do this, it is important that we have a good understanding of our communities, how our services are being accessed and who is using or would like to use our services. With up-to-date and accurate information we are able to: Better understand our service users / residents and shape services to meet their specific needs, Identify and address any barriers / issues individuals may experience when accessing our services (including information about our services), Ensure our policies and services are accessible to everyone who uses them. The information will also enable us to monitor our progress with regards to addressing inequality and allow our employees and service users see how we are performing on equality.

Data Protection: It is your choice whether you provide this information. Your replies will not be used in a way that identifies you.
